WELDING

IMC's welding services include structural, vacuum, high-pressure vessel, nuclear containment vessel, and aerospace. Our welder is certified to ASME section IX, AWS_D17.1, AWS_D1.1, AWS_D1.2 and AWS D1.6 These Certifications encompass Stainless steel, Steel, Aluminum and Titanium. We also have the ability to perform glove box welding for high purity on alloys such as tantalum, magnesium and tungsten.
